Life in "Heart Sounds International" is always exciting. The Lord is bringing many opportunities and people across our path. We continue to focus on facilitating indigenous Christian worship from the nations and recruiting people to be involved in this.

Teaching & Sharing

Last month HSI's founder had opportunities to teach at two colleges on World Music and Culture. Students learned about what God is doing around the world in and through His church including an introduction to music from many cultures. Many stories were shared of how music in particular has been a medium in which people find some of the most truest forms of expression to worship God. It is hoped that many of these students will give their lives to mission and spreading the Gospel.

Please pray that many will be inspired and committed to serve the Lord in mission endeavors.

Office Staff

For sometime we have been quietly praying that God would send us people to fulfill roles within the office and also on project teams. Over the last few months we have had many connections with such people! Our challenge is to develop these relationships and find the right opportunities for them to serve.

Pray that our team will grow with suitable and qualified personnel and that we will be attentive to opportunities as they arise.

Product Development

Over the years HSI has had the privilege of producing many special and unique worship recordings from many parts of the world. The original intent was for local non-western churches to use the recordings in worship and in their local context. However, we are seeing an increasing demand in the west for these recordings and we are slowly working towards making the recordings and DVDs widely available to the public.

Please pray for us as we handle issues of permissions, copyright, marketing, distribution and on line sales.

There are always many things going on and we genuinely thank you for your ongoing prayers and support.

"Helping ignite culturally relevant worship, especially in places where Christ followers are restricted, persecuted or unknown."
