## Help Others Worship and Praise This Christmas!

**This Holiday season, give a gift to worshipers;  
 As the year ends, make an investment in praise!**

You or your family wants to give a special gift for Jesus this year. Your church, music ministry or organization wants to take on a project this coming year. You recognize that no gift is too small (or too large!) as God prompts you to become involved. Here are some strategic opportunities though which you can change lives this Christmas and beyond through Heart Sounds International:

### CONNECTING

range from \$10-\$300.

Connecting electronic gear is vital in any recording project. Particularly doing field recording in remote places, keeping all the equipment working accurately is vital. A transformer that burns up or a cable that breaks can hinder the most experienced recording engineer. Every project includes lots of connecting equipment, from adapters and cables, to transformers, surge protectors, and the like. Costs for connecting hardware

*I want to help make the connections!*

**[Click here](#) to donate.**

### CAPTURING

Next comes capturing and digitizing the sounds of instruments and voices into a computer. For microphones, self-contained field recording equipment, digital audio interfaces, laptop computers, recording and editing software, costs can vary from \$50 to \$850 per item. Please help us upgrade already installed audio and video studios overseas.

Perhaps you have quality audio or electronic

music gear that you want to donate for use overseas. Please contact us to make arrangements for a tax deductible gift in kind donation receipt.

*I want to help capture nationals' heart sounds of worship and praise!*

**[Click here](#) to donate.**

### TRAINING

Teaching and training nationals overseas for ongoing ministry is a key element of every Heart Sounds International project. We want to equip nationals for long-term service. You can help us by funding airfares, in-country engineers' expenses, scholarships for interns traveling with us, transportation/ food/housing costs to bring in local musicians and songwriters, facility rentals for seminars or concerts, teaching materials and supplies. These costs range from \$100-\$2000.

*I want to help those who train nationals for long-term effectiveness!*

**[Click here](#) to donate.**

### COMPLETE PROJECTS

You can fund the equipment for an audio/video studio on the field (laptop, mics, interfaces, software, speakers, etc.) \$12,000-15,000 can cover an entire project.

*I want to fund an entire project!*

**[Email us](#) for projected costs for specific projects.**

### INTERCESSION

Maybe you can't donate financially this year. One of your biggest and most vital contributions is **prayer**. In some of the places we work Christians are routinely discriminated against and sometimes physically persecuted.

That can make our trip risky in a variety of ways. In addition, an equipment malfunction can seriously harm our effectiveness, so we consider the importance of fervent prayers to be vital to the blessing God

has consistently brought us. We need you here prayerfully uplifting us there!

***I want to pray this coming year for Heart Sounds International projects!***  
**Email us to connect to receive our Virtual Prayer Journeys.**

**Visit our website** and learn about God's working through recent projects.

Thank you for your partnership with us to encourage heart worship among the nations.

Merry Christmas!

Jolene Wilson, for the HSI Team
